Ο ρόλος της διατροφής στη γήρανση / The role of nutrition in aging.
Δρ. Ελένη Π. Ανδρέου (CY)

Satellite Lecture

Round table 1: Specific nutritional aspects for older adults:

Coordinators: Irini Tzanetakou and Costas Chrysanthopoulos

- Proteins, renal function & skeletomuscular health in the older: What is the optimal quality and quantity? Liana Poulia (12')
- Nutrition and oral health. Anastasia Kossioni (12')
- How to prepare food. Does cooking method and food processing play a role in the aging process? George Soulis (12')
- Personalized geriatric diets– Nutrigenomics /Nutrigenetics. George Dedousis (12')
- Intestinal health in the older– probiotics + prebiotics. Giagkos M. Lavranos (12')
- Geriatrics Nutrition Depression and Public health. Katerina Tzanetakou (12')

Discussion: All (45')

Στρογγυλή Τράπεζα 1 – Round Table 1: Ειδικά θέματα διατροφής του ηλικιωμένου πληθυσμού

Προεδρεία : Ειρήνη Τζανετάκου και Κώστας Χρυσανθόπουλος

Σύντομες Παρουσιάσεις (12')

- Πρωτεΐνες, Νεφρική Λειτουργία και μυοσκελετική υγεία στο ηλικιωμένο άτομο: Ποια είναι η ιδανική ποιότητα και ποσότητα; Λιάνα Πούλια
- Στοματική υγεία και Διατροφή. Αναστασία Κοσιώνη
- Με ποιον τρόπο ετοιμάζουμε γεύματα; Επηρεάζει την διαδικασία γήρανσης η παρασκευή τροφίμων; Γιώργος Σούλης
- Εξατομικευμένες δίαιτες ηλικιωμένων ατόμων – Nutrigenomics / Nutrigenetics. Γιώργος Δεδούσης
- Εντερική υγεία – Προβιοτικά + Πρεβιοτικά. Γιάγκος Μ. Λαβράνος
- Γηριατρική διατροφή, κατάθλιψη και δημόσια υγεία. Κατερίνα Τζανετάκου

Ανοικτή Συζήτηση - Open Discussion (45')

11:20

Coffee Break (20')

11:40

Chairs: I. Karaitianos and R. Asmar

Lecture 3: (20')

Mediterranean diet and inflammaging.
Stefania Maggi (IT)

Lecture 4: (20')

Diet and physical activities for better cardiovascular health: The HISPA experience.
Jirar Topouchian (FR)

Lecture 5: (20')

Nutritional patterns to postpone frailty.
Eirini Kelaiditi (UK)

Discussion: All

13:00 End of the morning session; Free time for lunch

14:20- 18:00 Afternoon session

Chairs: D. Sialvera and I. Georgopoulos

Lecture 6: (20')

Natural antibodies: An innovative treatment option for Alzheimer's disease?
Peggy Lymberi (GR)

Lecture 7: (20')

Effects of diets and physical activities on cognitive decline and dementia.
Mirko Petrovic (BE)

Lecture 8: (20')

Diets and physical activity for the management of older patients with cancer.
Ioannis Gioulbasanis (GR)

16:00

Coffee Break (20')

16:20 - Round table 2: Which is the best physical exercise for a healthy aging

Coordinators: Xanthi Michail and Georgia Petta

- Resistance vs. aerobic exercise. Ioannis Panagiotopoulos (12')
- Dance for longevity. Marina Kotsani (12')
- Tai Chi and Healthy Aging. Evangelos Mytilinaios (12')
- Defining intensity and duration of physical activity in older adults. George Panayiotou (12')

Discussion (all): How feasible is to propose physical activity programs in the very old (30')

Στρογγυλή Τράπεζα 2 – Round Table 2

Ποια είναι η καλύτερη σωματική άσκηση για μια υγιή γήρανση;

Προεδρείο: Ξανθή Μιχαήλ, Γεωργία Πέττα

Σύντομες Παρουσιάσεις (12 λεπτά)

- Ασκήσεις αντίστασης vs. Αεροβική άσκηση. Ιωάννης Παναγιωτόπουλος
- Χορός και μακροζωία. Μαρίνα Κοτσάνη
- Tai Chi και υγιής γήρανση. Ευάγγελος Μυτιληναίος
- Καθορισμός έντασης και διάρκειας της σωματικής δραστηριότητας στους ηλικιωμένους. Γιώργος Παναγιώτου

Ανοικτή Συζήτηση – Open Discussion (30 λεπτά)

Θέμα : Πόσο εφικτή είναι η εφαρμογή προγραμμάτων σωματικής άσκησης σε υπερήλικες;

Lecture 8: (20')

Combined effects of physical activities and diets on quality of life and self-rated health in older adults. Christina Bamia (GR)

18:00

Conclusions - Συμπεράσματα: Αναστασία Κοσιώνη, M. Petrovic

18:20

End of Workshop - Λήξη σεμιναρίου
